# Transformative Teal

The noblest form of green-blue.

Transformative Teal

Spring  
Summer  
26

stands out with its refined performance aesthetic, offering designs crafted without gender boundaries.

Highlighting the diversity of nature, this color channels cosmic reflections while pairing beautifully with amber to create a world where love thrives.

A harmony of elegance and inclusivity, this shade tells a story of universal connection.

# Electric Fuchsia

Spring  
Summer  
26

The electric energy of fuchsia takes the spotlight in this kaleidoscopic collection. Boldly combining orange, purple, yellow, and blue, we've written a progressive and provocative narrative.

Abstract visuals, airbrushed graphics, and kaleidoscopic patterns come together to form a vibrant, transformative neon group that exudes excitement.

# Blue Aura

Spring  
Summer  
26

Soft pastel tones bring a sense of calm and quiet dynamism.

In this collection, designed for those moments of retreat and renewal,

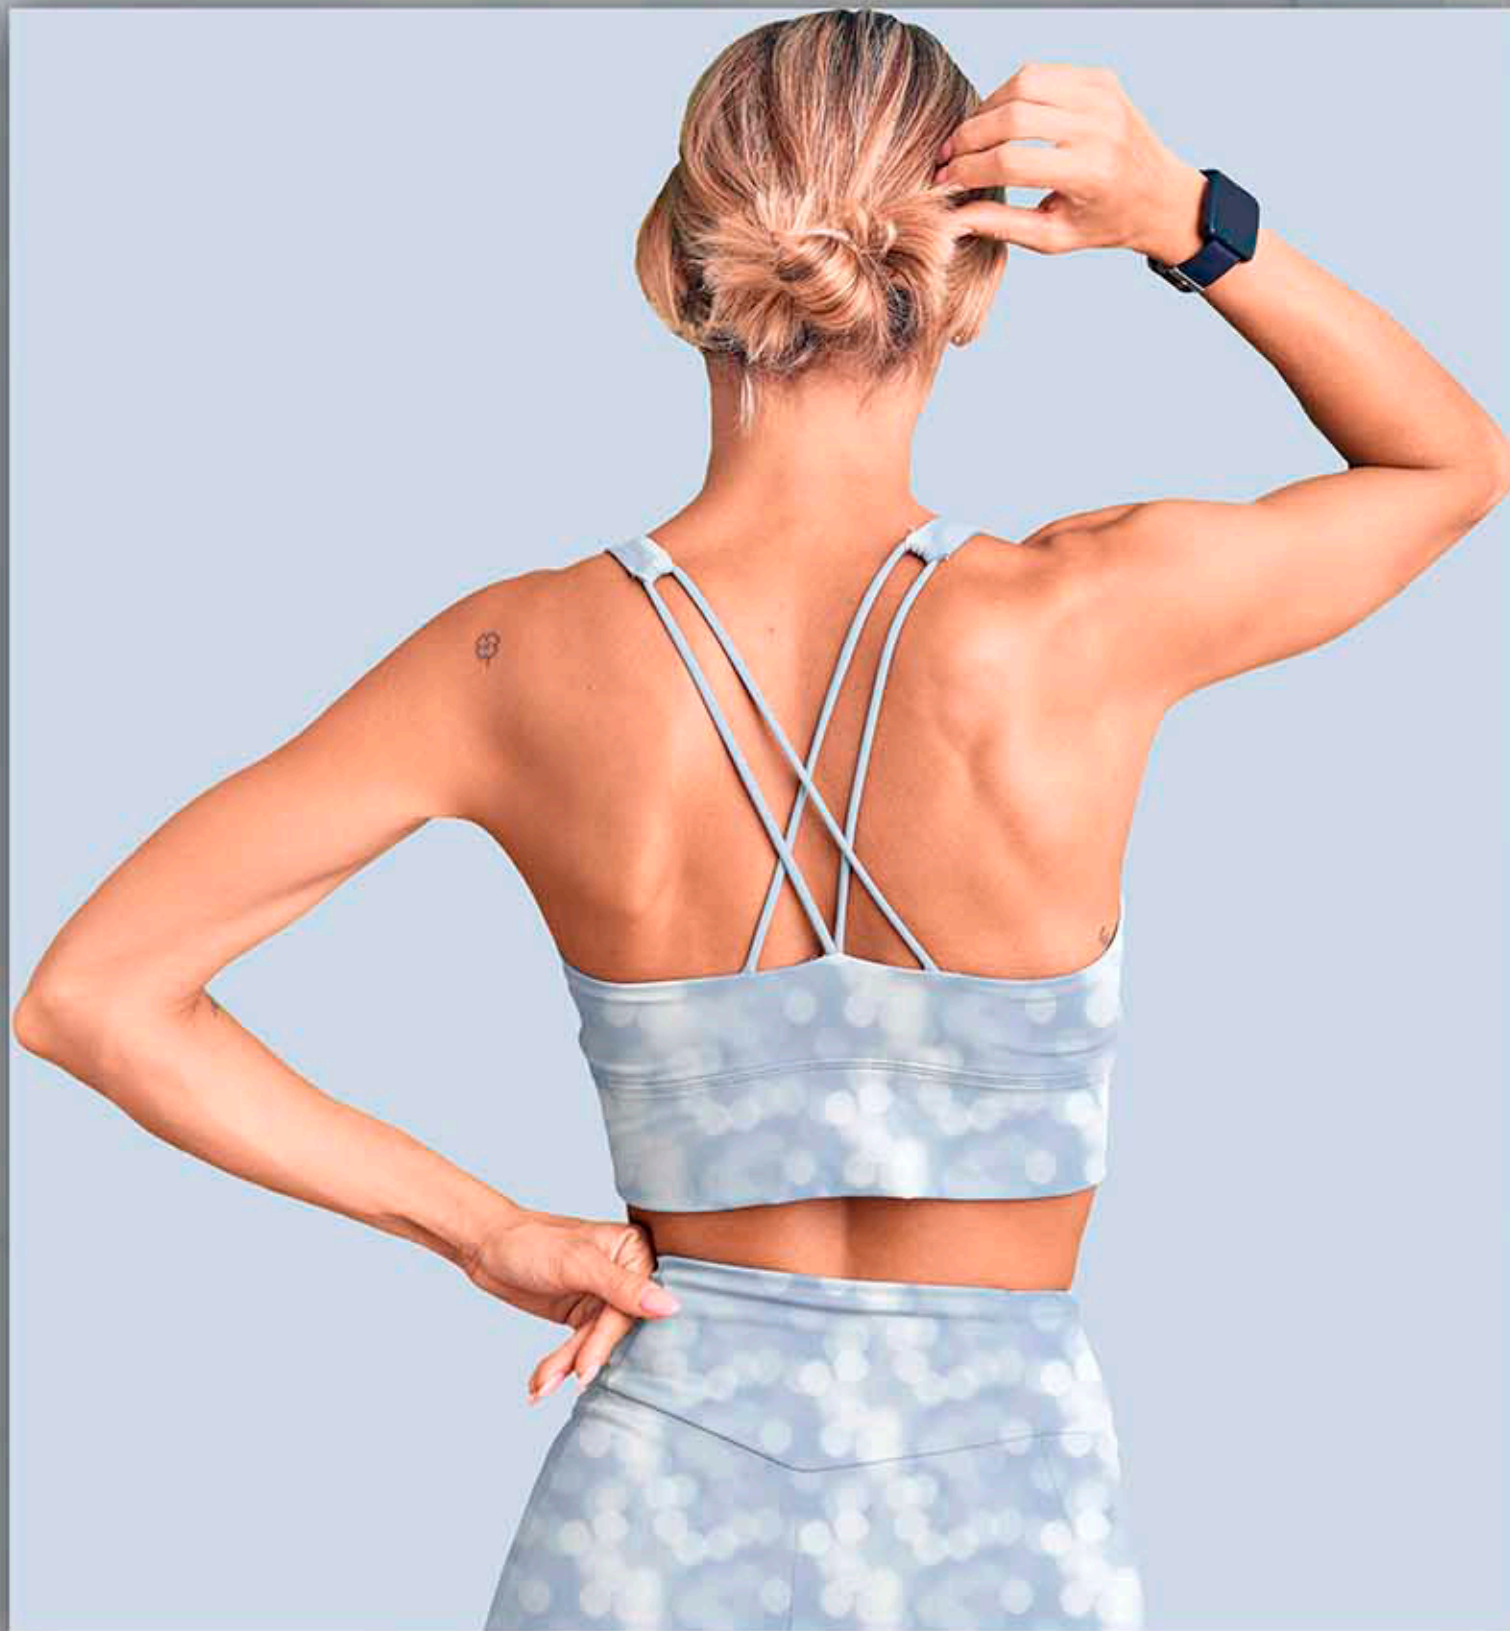

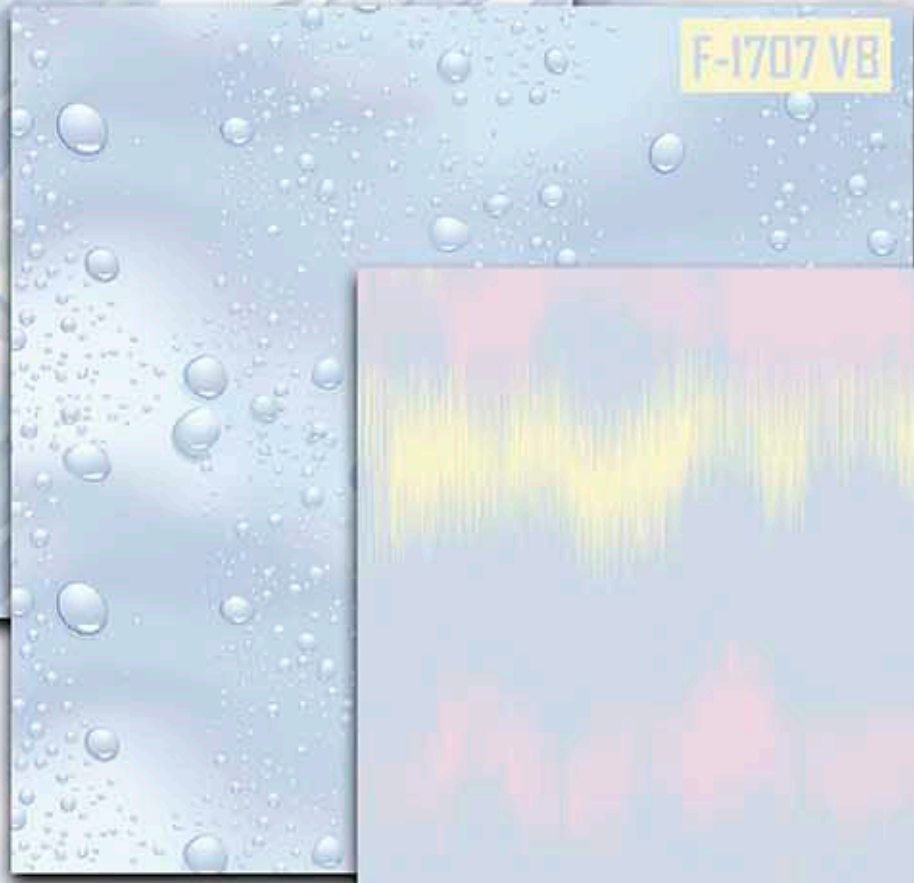

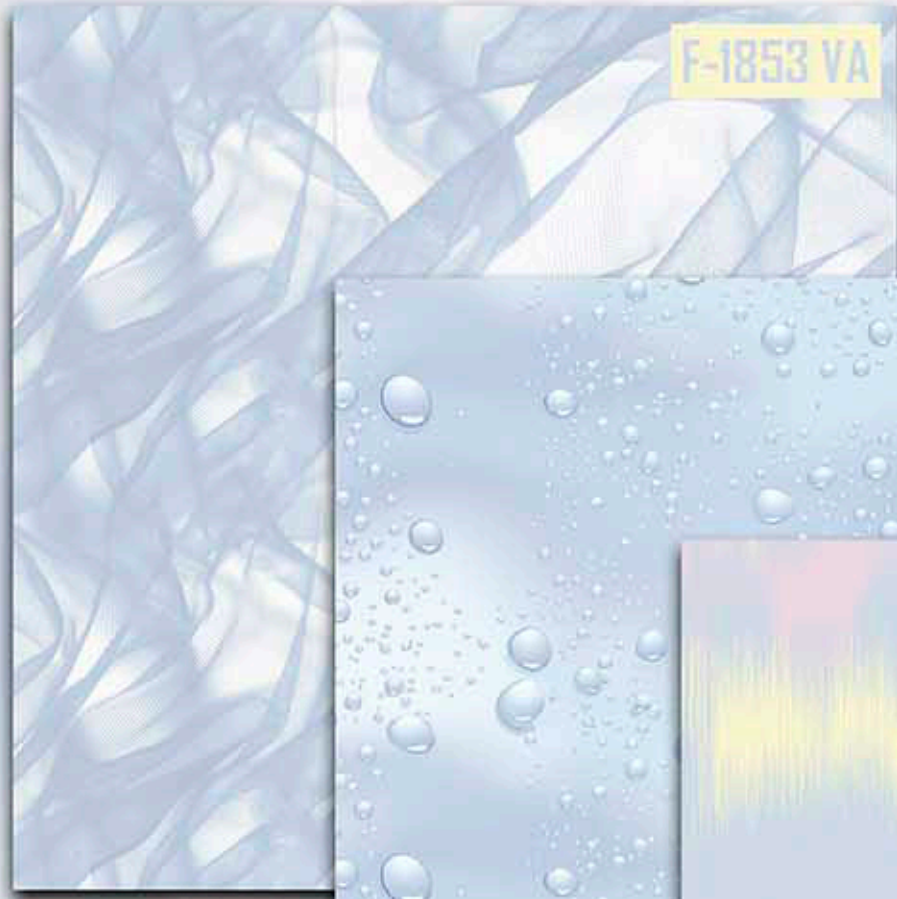

Blue Aura becomes a refreshing focal point.

Inspired by the interplay of light and shadow, this shade pairs effortlessly with sage green and nostalgic pink, offering simplicity with a fresh twist.

Through subtle yet invigorating patterns, this collection captures the comfort of emptiness and the tranquility of stillness

# Amber Haze

Spring  
Summer  
26

Amber, one of the standout shades of the season, draws attention to both slow-living and regenerative resources. We've paired this versatile color with hues like sea kelp, pink frost, and chalk to achieve a warm yet nostalgic feel.

Abstract fragmented patterns, earthy pigments, hazy florals, and vintage-inspired strokes come together to highlight its timeless allure.

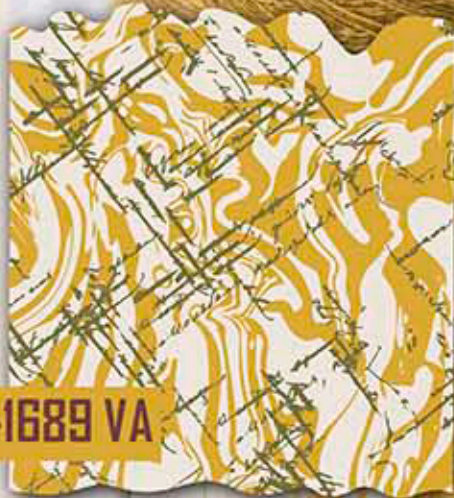

This color group is set to shine as a top pick for the S/S 26 season.

# Children

Spring  
Summer  
26

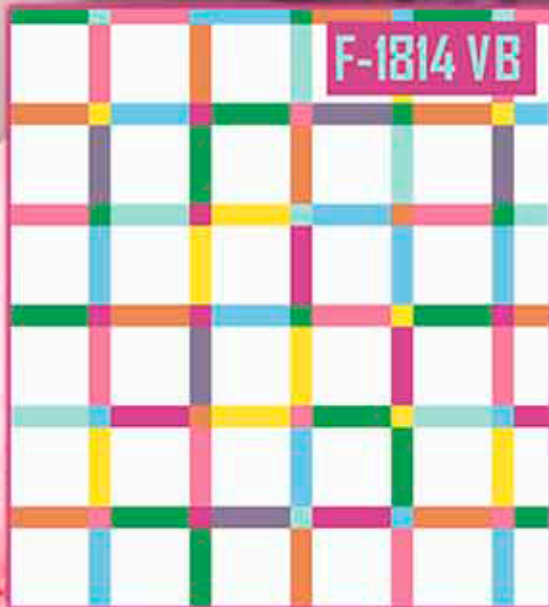

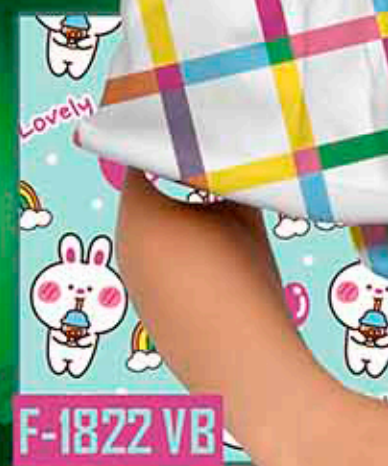

In our children's collection, where we blend the brilliance of jelly-like shines with the timeless charm of black and white, we've played with bold, whimsical colors like fuchsia, jelly mint, solar orange, and vivid yellow, complemented by playful cartoon-inspired tones.

By combining glossy jelly hues with monochromatic contrasts, we've supported innovative learning.

Children are with us in every color!

From cartoons to soft candies, we've walked this journey with cheerful, fun-filled patterns.
